WALL STREET JOURNAL GIVES CHIN-UPS THE THUMBS-UP

WALL STREET JOURNAL 3 AUGUST 2004

**According to the Wall Street Journal ...
“having a spouse who snores is like
sharing your bedroom with a mosquito:
you never know when the noise will stop,
when it will start again, and how loud it
will get”.**

**Rated tops from over the counter
treatments - Snore Calm Chin-Up Strips
out-ranked other products on
price, ease of use and effectiveness.**

Smiley shaped Chin-Up strips prevent ‘mouth breathing’ which can cause snoring, dry mouth & throat, halitosis (bad breath), nasal crusting/blockage, upper respiratory tract & sinus infections, post nasal drip, dental plaque build-up, gum disease & tooth decay.

Why don't you try the Chin-Up challenge?
Put on a Chin-Up Strip - if its on correctly you will have
trouble saying “three grey geese grazing”
and it might stop you snoring!
